

VALLETTA WORKSHOP

professional acting classes

Hope you are all enjoying our beautiful San Diego summer! We want to bring you up to speed on the latest new and exciting Valletta Workshop news.

A NEW LOCATION

The Valletta Workshop now has its own dedicated studio! We moved down a few spaces in our current Solana Beach location to a new studio in Studio F. Along with the move, the studio has a new name..... The Valletta Actors Studio. All classes – kids, teens and adults – have been moved to our new location. In addition, fine and performing (acting, music, voice, public speaking, etc.) arts professionals will be sharing our space. We'll have a comprehensive list of classes to share in the near future as we get more settled. And The Valletta Actors Studio will be going through a design change soon, so be prepared to be dazzled! Along with the studio move and name change, we have a new logo for our studio. We hope you are as excited as we are with all of the changes!

BRING A FRIEND PROMOTION

With our new studio move, we'd love for you to bring a friend to try a Valletta Workshop acting class. If your friend signs up, you both will get a 10% discount off one eight week program.
